Policy Document

Code of Conduct

Version 2018

To be adopted by the CoM

Draft April 2018

- I. General
- II. Alcohol and Drugs

I. General

1. Members are obliged to behave in a way that does not reflect negatively on EYP Luxembourg a.s.b.l. (EYP LU hereafter) and/or other EYPers at any events organised or co-organised by EYP LU.
2. During an official session, officials and the representatives of EYP LU must act as role models and behave respectfully towards other session participants. Behaviour that respects cultural and religious differences is expected from all participants at sessions.
3. Officials and representatives of EYP LU are forbidden to engage in any romantic or intimate activity with delegates or any other person engaged at the session of which they could be viewed a superior.
4. Every participant at a session (and any other officially organised event, if deemed necessary by the board) must sign this document to declare that they have understood all clauses and will adhere to them.
5. New members will have this document send to them via email and their consent is assumed until they signed it at their following session.
6. Any non-compliance or breach of this agreement between EYP LU and its members will result in penalties reaching up to the permanent removal of a member from EYP LU and blocking this member from re-enrolling.
7. EYP LU denies all responsibility for individuals infringing on this policy and will not cover costs thence arising.

II. Alcohol and Drugs

1. EYP LU respects Luxembourgish National law and limits the use of alcohol and tobacco at its events accordingly.
2. Any session participant that is unable to fulfil their duties or participate in the session programme due to overindulgence will be sent home at their own expense.
3. The consumption or use of illegal drugs is forbidden at any event and any participant who violates the policy will be sent home at their own expense.
4. Apart from being sent home, participants infringing on this policy at sessions can be downgraded in their selection ranking.
